

# **GAC–EPA**

## **Annual General Meeting 2010**

### **Convocation to the Annual General Meeting**

As per article 7 of the Rules our next annual general meeting has been scheduled for Tuesday 23 March 2010 at 13:30 in the CERN Auditorium (Bldg 500).

A declaration of proxy powers in case of impossibility to attend may be made in the name of another member of the GAC–EPA, committee members included. This must be sent beforehand to the GAC–EPA or it can be presented to the Committee at the start of the meeting as per article 9 of the Rules.

The minutes of the General Meeting of 2009–05–25 will be submitted for approval; they have been sent to you in autumn 2009.

Should you wish to ask questions of a general nature during the meeting, please send them to us beforehand by mail addressed to the President of the Committee at the GAC–EPA address. This will allow us to reply with maximum accuracy.

The meeting will end with a reception.

We hope you will attend in great numbers.

The President,

Horst Wenninger
